

The 15th Shanghai International Building Formwork Scaffold and Construction Safety Technology Exhibition 2022

Date: 2022.10.30—11.01

Venue: Shanghai World Expo Exhibition & Convention Center

Sponsors: United Nations Human Settlements Programme

Shanghai municipal housing and Urban Rural Construction Management Committee

Shanghai DLG Exhibition & Events (Group) Co., Ltd.

Organizers: DLG Shanghai Giant Exhibition Co., Ltd.

Yuanfa Exhibition (Shanghai) Co., Ltd.

Media supports: China template scaffold net, baidu promotion, template net, China building formwork adjust net, China steel template net, China aluminum template net, China bridge network, China's wood industry network, China construction scaffolding nets, scaffolding trading center in China, China's template scaffold leasing network, building templates, network, China scaffold network, China building materials leasing network, China state construction engineering information network, China industry exhibition, E show net, China exhibition portal, aluminum net, deputy, China construction network, cloud alliance, Shanghai exhibition network, cattle, cattle show network building, nine are building materials, scaffolding net in China.

1. Brief Introduction

2021 is a challenging year for China's molding industry. The normalization of the COVID-19 epidemic has increased the pressure on molding enterprises, the depression of the real estate industry has weakened the downstream demand, and the rise of commodity prices has compressed industry profits. In addition, mold enterprises are also facing multiple challenges such as increased difficulty in payment collection, intensified competition, stricter supervision, and rising operating costs.

Challenges and opportunities coexist. Standing in the era of "carbon peak, carbon neutral", China's mold industry should firmly grasp the core of "data", enabling industry development and reform, to meet the spring of "intelligent, large-scale, green". Precise insight into the new industry, to create more scientific, human nature, accurate products, services and management, promote the mold enterprises to reduce costs and increase efficiency, improve the competitive strength.

In order to promote the high-quality development of the construction formwork and scaffolding industry, promote the exchange and cooperation of the whole industry chain, and build a high-standard exchange platform among enterprises, the Shanghai Municipal Housing and Urban And Rural Construction Administration Commission, un-Habitat, Shanghai Modern International Exhibition Co., LTD. Shanghai Jianzhi Exhibition Co., LTD., Yuan Fa Exhibition (Shanghai) Co., LTD.

Shanghai International Construction Formwork scaffold & Construction Safety Technology Exhibition (BTSC) will be held in Shanghai World Expo Exhibition & Convention Center from October 30 to November 1, 2022. The

exhibition will be held at the same time as the 2022 Shanghai International Urban and Architecture Expo. Implements the power-and-power union, complementary advantages, we will make building template scaffold scale, specialization, industry leading influence in the field of an event, as well as building template scaffold technology and equipment companies show achievement, show strength, promote products, exchange experiences and promote cooperation and common development of an important platform.

HaiMo frame on exhibition fair as the Shanghai international cities and architecture construction safety an important part of the construction technology of thematic exhibition, ZuZhan units will be invited to the major construction companies, construction units, distributors, manufacturers, purchasers, leasing companies, real estate developers, architects, designers and other groups to visit event, prompting the exhibitors fruitful brand promotion and trade effect.

Previous Exhibitions (no particular order)

Shifeng Group, Zhejiang Changhua Construction Technology, Shandong Founder Jingdao template, Ren Manxing climbing frame, Lianjiang High-tech materials, Chang Yi(Tianjin) template beams, jiangsu aluminum, aluminum industry, proficient in guangxi can be khalid engineering science and technology, burke chardonnay silver arc mechanical and electrical trade co., LTD., foshan city, wuxi city, special sheet co., LTD., jiangsu wisdom construction science and technology, jiangsu light, metal manufacturing co., LTD., shandong split DE metal science and technology, environmental protection, yangzhou new crystal XingBao sheng (Beijing) construction, xiaogan shen feng machinery, Ren Qiu wei city electric power equipment, South Korea S - FORM, hebei YiShuo building materials science and technology, bengbu high spirit sensing system engineering co., LTD., tangshan city xin steel pipe co., LTD, tangshan billion NingMo excellent coating co., LTD., shijiazhuang, Beijing towers Science and technology, guangzhou passat (Nanyang), hebei HuaKun construction equipment, genesis industrial (Tianjin) co., LTD., shandong jin li zhisheng, weihai in metal products, jiangsu xing DE jade (building materials), shandong intelligence mode, shandong new live, changsha blue shield template, ma on shan bo chong, macro derui metal, anhui, Lin ling aluminum mould, Beijing in the future, huanghua dongfang machinery factory, tin xing sheng, hebei hundred million, lifting, built YiFeng city beauty science and technology, jiangsu Jin Wei, suzhou the wave of new materials, machinery, hebei embellish metal products, the British science and technology, Qingdao day morning of renqiu xin machinery factory, tianjin should be Thai mae scaffolding, nine for tianjin and Beijing China World trade, tai Po concrete template and the support, the couplet (Hebei) construction formwork, Beijing zhongyou, fujian courageously Ann aluminum, renqiu jinshi, welding machine, shandong, Bertrand intelligence, thick auspicious fasteners in handan, hebei, construction equipment, Ren Qiu ShengJianZhu equipment, anhui ring shun industrial, hebei yu diao, longkou xin Ming aluminium, Ren Qiu SAN Yang metal scaffolding, hebei YanChang, hebei stars, anpingxian of wire mesh, wide renqiu gold metal, kunshan representing the precision,

dongguan branch sharpen, tianjin hong hundred million caigang riley, hengshui, tianjin remit the peng, tianbao, will Europe, hebei jie and lifting, samsung button in hebei and shandong in nc, yancheng Deere blasting, renqiu, double hing construction equipment, hebei Wan Hong double happiness, hejian ZhongHao platinum gravel materials, machinery, Shanghai anpingxian city and machine of metal mesh co., LTD., jinan new mountains, yangzhou innovative materials, nanjing permanent machine manufacturing, Shanghai patrons, force, liaocheng, anping dry wei, tianjin hengfeng jindal, Ren Qiu large-scale equipment, thick Thai fasteners, handan city heng jie fasteners, hebei xing au yi ding line construction equipment, Beijing, jiangsu rich auspicious, rizhao weiye ShengMing jianda, wuxi, Beijing speed rapid, Beijing ZhuoLiang, Ren Qiu jintai construction equipment, shandong fangyuan, double horse wood, Fuji wood industry in shandong, langfang xinshan wood, foshan Wide and aluminum, and Qingdao three, tianjin ShiYi, shenyang chang of jiangyin, jiangyin long feng automation/Bosch jie, wen far in shandong environmental protection, Michael screen, hebei anping sea state of construction equipment, built cloud in anhui, jiangsu bowling machinery, south China university of technology, lifting, hunan han kun, zibo, shandong sit peak YanXiang, xuzhou jiamei wood industry, hangzhou kun, the welding of steel rolling, jiangsu Jin Cai, yancheng dingtai textile machinery, rizhao party into the metal, jinan sharp yu CNC, renqiu xinghua architecture, renqiu xin hui scaffolding accessories factory, renqiu gode construction equipment/cangxian rui tong ductile casting, hebei Gao Tiejian test instrument, wuxi zhongfu plastic, handan fly Fasteners, yongnian fastener, baoding Ming Ann antai lifting, hebei xin button RongPan, Ren Qiu offer, handan city seiko construction anchorage, dongguan noda automation equipment, wuxi zhengda its birth, fujian, yantai, the construction of science and technology, zhejiang KaiXiong, guangzhou city, guangdong new south China sea, shandong golden horse, art of, zhejiang heng da, zhejiang trusted bamboo, no mould frame, Shenzhen hui Linda, tianjin source beauty, zhejiang environmental protection, Beijing bao jie mo YunGe, zhenjiang mogul (strong), Beijing yi ender, guangzhou spring chemical, hebei jinheng wood, AnPingGuo kay silk screen, Shanghai gold equipment, the sunshine state, foshan macro mai hai hardware, renqiu day hui scaffolding, scaffolding on industry in jiangsu, jiangsu landis wood, ShuYang Jin Senyuan wood, double horse wood industry, hunan AnDeGu abound, Beijing, Shanghai jie chao deng hundreds of enterprises.

2. Contents:

►**Formworks:** Aluminum formwork and equipment, aluminum mold related accessories and repair machinery and tools, plastic formwork, steel and wood combination formwork, pipe gallery new formwork, wall formwork system, formwork support system, column formwork system, wellbore formwork system, early dismantling system; Sliding form, climbing form system, etc. Prestressed round hole, large roof, special shape (stair mold, door and window hole mold), etc. Multidirectional formwork system; Road, bridge, beam, tunnel formwork system; Truss floor plate composite formwork, glass and steel shell and other materials of the new structural formwork system; Facing concrete formwork system; Bamboo plywood and high strength wood-based panel formwork

system; Steel frame plywood formwork and its supporting system; Plastic wood formwork system; Steel formwork and accessories, formwork release agent, cleaning equipment, etc.

►**Scaffolds:** Adhesive lifting scaffolding (climb) and related equipment and accessories, button scaffolding, bowls button type multifunctional scaffold, wheel scaffold, crab pliers scaffold, gantry scaffolding, bailey truss, mobile scaffold, trapezoidal scaffold, scaffold for indoor decoration, elevator, chrysanthemum scaffolding, steel springboard, tu through hole type body, aluminum alloy, aluminum alloy scaffolding fast loading of scaffolding, aluminum alloy ladder, insulating fast loading of scaffolding, insulation, power plant boiler furnace overhaul aircraft maintenance, fast loading of scaffolding, aluminum alloy scaffolding, construction fastener, screw, up and down, all kinds fasteners, hanging basket, safety nets, step by step, climb Frame mesh, wall screws, butterfly buttons, and scaffolding processing equipment and accessories;

►**Construction Platform:** Sears fork type work platform, truck type work platform, cylinder type work platform, telescopic column type empty work platform, arm type work platform, mast type work platform, etc. All kinds of fixed hydraulic lifting platform; Automatic lift car, etc.; Crane, hoist, balance crane, blue crane, tower crane, etc. All kinds of high altitude work protection products, straight ladder climbing protector, adjustable stay rope, buffer type safety rope, multi-function safety belt, fall prevention safety net, etc.

3. Promotion:

- The exhibition pays equal attention to construction materials and industry technical seminars, and gives priority to one-stop service for architecture;
- Exhibition zones, highlight material classification, attract the attention of professional visitors, create a unique event in the mold and frame industry;
- Attract the most ideal customers, invite architectural planning and design institute, real estate developers engineering department, bridge construction units, decoration companies, construction companies, construction supervision units, government procurement departments and building materials trade and agency companies to actively participate in the exhibition;
- Build an online exhibition alliance for exhibitors: formwork exhibition (www.expomj.com)
- Printing 500,000 copies of visiting tickets and thousands of invitation letters to the industry through the organizer, the Internet and relevant media;
- Full coverage through national and local professional media and mass media to fully expand the influence of the exhibition;
- Before the opening of the exhibition, elaborate preparation of the "pre-exhibition preview", focusing on the introduction of exhibitors and products, sent to the important buyers.

4. Cost of participation: (10% off for former exhibition)

	Standard booth (18 m ²)	Raw space/ m ² (36 m ²)
Price	RMB 25600	RMB 1280/m ²

5. Procedure of participation: (10% off for former exhibition)

- ▶ For hotel booking, please see the exhibitor's manual (provided one month before the exhibition);
 - ▶ Accept enterprise consultation and opinions, assist enterprises in booth selection;
 - ▶ Provide free network publicity for exhibitors, organize and invite relevant personages to visit the exhibition;
 - ▶ Provide the exhibitor's manual to explain and answer the relevant matters;
 - ▶ Free publication of company profile and main exhibits in the Exhibition Catalogue;
 - ▶ Provide exhibition invitation cards, tickets, seminars, exhibition materials;
 - ▶ Assist exhibitors to handle special booth design, exhibition arrangement, rental of additional furniture and electrical equipment;
- Recruitment of temporary staff, interpreter, etiquette lady and other matters;
- ▶ Assist the exhibitors in handling transportation, accommodation, visa, advertising and other matters.
 - ▶ Selected booth for getting information >>>>> sign contract >>> pay for deposit for the exhibition >>> ask for exhibition manual >>> exhibition.
